Hepatitis C Educational Webinar For Prescribers Occurs March 6, 2024

Background:

HHSC contracted with drug manufacturer AbbVie to improve awareness, screening, diagnosis, and treatment of the Hepatitis C Virus (HCV) for Medicaid clients. HCV is a liver infection caused by a virus and often develops into a long-term or chronic illness. If untreated, HCV can cause significant damage to the body, such as liver cancer and cirrhosis.

Key Details:

In support of the HHSC initiative to improve awareness, screening, diagnosis, and treatment of Hepatitis C Virus (HCV) for Medicaid clients, AbbVie will host an educational event for prescribers called Treating Hepatitis C with Mavyret in your Practice on March 6. Registration ends Friday, March 1. MCOs are encouraged to share information about this event with your provider network.

Additional Information:

- Treating Hepatitis C with Mavyret in your Practice
 - ▶ Wednesday, March 6, 2024
 - ▶ 12:15 p.m., Central Time
 - ▶ 11:15 a.m., Mountain Time
- To register, visit <https://abbvie.meintl.com/ExternalRsvp/Search?ProgramId=HBC11-HT02-24>
