

# PCHP Prior Authorization Lookup Tool User Guide

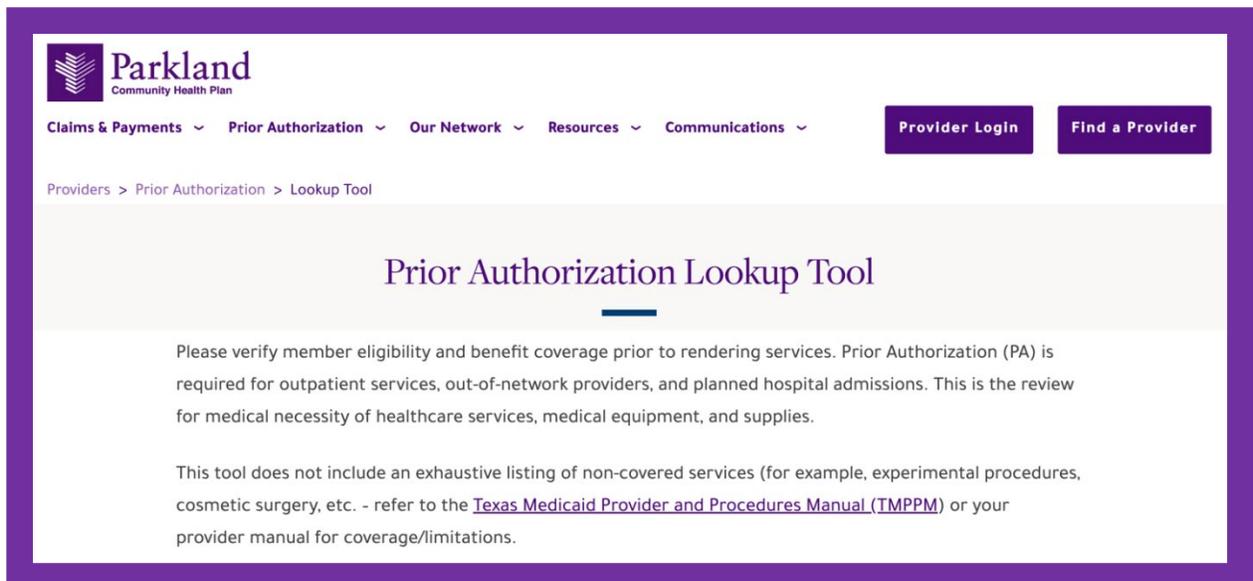

## Accessing PCHP's Prior Auth Lookup Tool

The PA Lookup Tool is accessed through a standard web browser. Currently, all modern browsers are supported such as Chrome, Firefox, and Safari.

The link to the tool can be accessed by navigating to the [PCHP Provider website](#), then select [Prior Authorization in the top menu](#), and select the [Prior Auth Lookup Tool tile](#) on the page.

The Prior Auth Lookup Tool is in the lower portion of this page. The top of the page provides links to specific pages for submitting prior authorizations for Behavioral Health, Pharmacy and Vision procedures.

# PCHP Prior Authorization Lookup Tool User Guide

Scrolling down in the page, there are three fields that can be entered to determine if a prior authorization is required or not.

\* Required Fields

Date of Service\*

Plan Name\*

Procedure Code\*

  
  
 Powered by  ITILITI HEALTH

Enter the planned Date of Service for the procedure and select the Plan Name for the member. The member's plan name can be found on the member's PCHP card.

\* Required Fields

Date of Service\*

Plan Name\*

- ✓ Please Select\*
- STAR Medicaid
- CHIP
- CHIP Perinate

## The results will include:

- The fields that you submitted: Date of Service, Plan and Procedure Code.
- Transaction ID included as a reference. The information submitted and the answer received are saved within the system to allow for an audit trail if there are questions regarding this response.
- Instructions are provided that are relevant to the member’s health plan.

## Each procedure code result will show:

- The name of the procedure code.
- The code that applies.
- Whether or not a prior authorization is required.
- A link to the source for the medical policy that applies.
- Additional Information – This section includes additional information that is relevant to the procedure code or medical policy. Examples include instructions for the submission of prior authorizations, benefit related instructions or frequently asked details regarding the medical policy for the procedure.
